MIQUEL NAVIDAD VAQUERO
MAYOR OF THE MAGNIFICENT TOWN OF SÒLLER

Dear Sollerics;

We are at the middle of summer and Sóller is preparing to experience the patronal festivities. Saint Bartholomew's is the most endearing holiday of all the ones we have on our calendar and it must serve as a pretext so that we can all enjoy a few days of brotherhood and celebration in the middle of a summer full of work and activity. The holidays must be a parenthesis in the maelstrom of work that accompanies us on a daily basis.

This year's will be the first of the festivals in which I am mayor of Sóller. It is an honor for me to be part of the council and to do my bit to make our municipality a better and friendlier place both for the people who live there and for all those who come to it every day to work or for those who visit us to enjoy their holidays and everything that our landscape, territory and customs offer them.

Sóller is and has historically been a leading municipality and we have a treasure that we must all know how to value, and above all, take care of so that future generations can continue to enjoy our environment and landscape. Therefore, we must know how to take care of what we have because after all it is our main source of resources. I encourage you to work to conserve and preserve Sóller and together we must make our customs become a flag of our municipality to show to all those who visit us. Only in this way will we sow the seed so that those who come after us can reap the fruits.

But apart from knowing how to care for and value what we have, today the priority is another: Sant Bartomeu. From the party council, we have worked to create a program with a variety of fun, festive, cultural and sports events so that we all have a good time. These days should be used to charge the batteries with which to face the final stretch of this hot summer. The festivals, like those that are honorably celebrated in the neighborhoods of Sóller and in the towns that surround us, are an element that we cannot lose and that we must enhance. For this reason, the collaboration of everyone and the social, civic and cultural entities that make up the rich associative fabric that we have in Sóller is necessary. Thanks to them and the silent and selfless work carried out by their members, we not only give shape to the parties, but to all the cultural activities that Sóller hosts throughout the year. That's why it's fair to thank them for their always commendable kindness.

Having said that, go outside and enjoy all the activities scheduled on the occasion of Sant Bartomeu. Have fun and always be responsible.

On behalf of the entire corporation, I wish you the best of Saint Bartholomew's holidays.

Happy holidays to all!!!
Long live Saint Bartholomew!!! Long live Sóller!!!
