**Miquel Nadal Vaquer,**  
Mayor of Sóller.

**Dear Sollerics,**

Once again, we find ourselves at the start of one of the most beloved and anticipated moments of our calendar: the festivals of *Sa Fira and Es Firó*.

These festivities, which commemorate the historical events of 1561, continue to be much more than a fun day. They are a living memory of our people, of their courage, of their capacity to fight and the union that defines us as a community.

The good weather arrives, the streets are filled with life again and we once again feel that shared emotion that invites us to go out, to participate and to be a community. *Sa Fira and Es Firó* are, above all, this: reunion, identity and pride in being from Sóller.

From the City Council, together with the Firó Collectives and all the entities and people involved we have prepared a program designed for all audiences, with activities that combine tradition, culture and coexistence. All of this, with the aim of continuing to grow festivals that are a reference and represent us.

I would like to express my sincere gratitude to all the associations, groups and individuals who, with their effort and commitment, make these celebrations possible. Thanks to all of you, we keep alive a tradition that unites us and makes us stronger as a people.

I invite you to live each event intensely, to enjoy with responsibility and respect, and to share these days with family, friends and neighbours.

**Long live Sa Fira and Long live Es Firó!**

Miquel Nadal
