

Festes de
SANT
BARTOMEU

Sóller
AGOST 2018

Disseny: Aina Crespi i Marieta Deyà

Dear fellow citizens,
We are in the summer heat and with it we arrive at our beloved parties of Sant Bartomeu. These are celebrations in which we honor our patron and we take pride in getting people back and showing ourselves proud to be sollerics. There are many who, during those days, have holidays or have reduced their working hours and take advantage of them to go outdoors, to stroll around the square, or to chat with friends and relatives.

That is why this celebration has the charm of being so much a summer turning point as the festive reference in our Valley.
From the Department of Citizen Participation, a wide range of events and activities has been organized, with a varied program designed so that people of all ages enjoy and have a good record. We can not forget either, to thank publicly all the people who collaborate and help to make everything the best possible. Hoping that everyone will enjoy with great intensity and good atmosphere these days, from the Corporation that I have the honor of presiding, we want to wish you some very good Sant Bartomeu festivities in 2018.

Many years to all, good holidays, live in Sant Bartomeu and live Sóller.
